

Step 1: Print

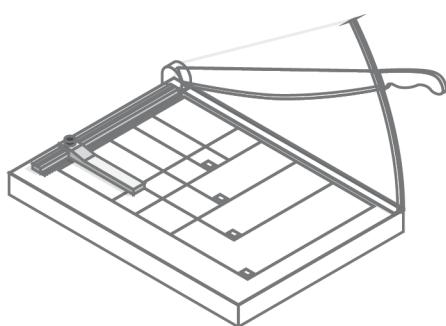

Make sure to select A4 as the paper size, and deselect printing on both sides of the page. Alternatively, use A4 Blank labels for instant stickers.

Step 2: Laminate

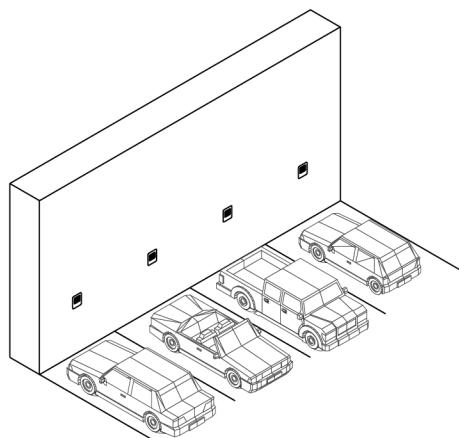

(Optional) If not using an A4 label, laminate the QR Code pages after printing.

Step 3: Cut

Cut along the dotted lines surrounding the all-spots sticker, and each individual spot sticker.

Step 4: Place

Using a preferred adhesive (double sided tape, blu tack etc.), place each sticker near their corresponding parking spot.
